Are You Looking Over Someone's Shoulder?

Is One Copy Enough?

● **One copy of the industry's only specialized, technical magazine on information and news of interest to the manufacturer is enough for one person, yes . . . but not for the major executives of the plant. Presidents, buyers, sales managers, superintendents and their assistants should all have personal copies of their own. When somebody wishes to borrow your copy—don't take a chance on not having it returned. Instead refer him to the subscription department of The MANUFACTURING CONFECTIONER. You'll be doing him a favor!**

Has Your Subscription Expired?

● **If it has, you'd better renew it now, so you will be sure to get the MANUFACTURING CONFECTIONER every month. Otherwise you might miss some information of particular value to you. Just send in the coupon below, today!**

Are You Keeping Up on Industry Developments?

● **Production methods, materials, equipment, plant operations, packaging, distribution, sales, merchandising, industry news and developments in each specialized phase of interest to manufacturers—these and other subjects of importance enable you to keep up on industry developments thru the monthly issues of The MANUFACTURING CONFECTIONER.**
